

Train Description

Restaurant Cars

There are restaurant cars on the train which serve breakfast, lunch, and dinner as part of the full board service to all passengers of the Northern Lights Express. Local cuisine is part of the menu. During sightseeing tours in the cities local meals are served in the specially selected restaurants.

Restaurant Cars (Examples)

Lounge

This is the most popular place of the train and open to all passengers until late. Come, sit down, enjoy the scenery passing by the window and relax while having a drink and listening to the piano entertainment after dinner.

Lecture Area

In the lecture area, part of the lounge or a restaurant car, your tour escorts hold lectures about the history, geography, economy, and daily life of the regions visited. On some evenings we show films about Russia. Also, your tour escorts offer a language course introducing the Russian language to you.

In order to realize optimal timings on the heavily used railway lines, our private train on some sections will be attached to regular scheduled trains, on some other sections will be hauled by its own locomotive.
